Hi Robie—I meant to send this to you on Tuesday; sorry it got delayed. It was a busy last couple of days. Here's a writeup on some discussion points & thoughts about Excellent Tier. As it stands right now we are planning to propose an option of returning to a non-tiered system (i.e. without Excellent Tier) to address some of these concerns. Please share this with Dave, Ed, & anyone else who will be at the meeting. Thanks, Kristi
